**Modus™, creator of the revolutionary ZonePro® Plus line, is redefining safety with customizable solutions that deliver maximum impact, seamless flexibility, and powerful performance.**

- **Revolutionary Design** – ZonePro® Plus sets a new standard for safety barriers, engineered to be both powerful and versatile.
- **Mobile or Mounted** – Choose from smooth-rolling mobile stands or secure mounted barriers to fit any facility layout.
- **Customized Safety Messaging** – Bold dual-sided DuraSafe® banners not only secure spaces but also command attention with OSHA-colored and full customizable banners that deliver clear, high-visibility communication tailored to your safety needs.
- **Built to Last** – Heavy-duty construction and DuraSafe® fabric withstand the toughest industrial environments.
- **Reliable Performance** – Anti-sag technology and precision engineering ensure consistent, professional deployment every time.
- **Smart Investment** – Maximize your investment with interchangeable banners. Communication can effortlessly be updated as needs change—without buying a new system.

# ZONEPRO® PLUS PRODUCT LINE

Stand shown with custom print DuraSafe® banner

## DUAL MOBILE STAND

Houses two banner systems with up to 24ft of coverage. This product is ideal for wide aisles and other vast spaces. Features our patented rolling technology, with ergonomic handle and sturdy wheels for smooth, silent transport across industrial floors.

Stand shown with custom black print DuraSafe® banner

## SINGLE MOBILE STAND

This mobile unit has a specially engineered anti-sagging mechanism that allows banners to stay taut even when deployed on uneven surfaces. Banners pivots up to 90 degrees in either direction for optimal coverage.

Barrier shown with plain blue DuraSafe® banner

## UNIVERSAL MOUNTED BARRIER

Is a great permanent solution with a mounting system that securely attaches to any type of hard surface.

Barrier shown with standard messaging red DuraSafe® banner

## ELASTOMER MOUNTED BARRIER

The elastomer mount is specially created for rack mounting applications. This flexible material will stand up to heavy duty machinery impact.

## ATTACHMENT STAND

If there is no connection area available such as a wall or racking, our mobile attachment stand is the ideal solution.

## HOOKING OPTIONS

### INDUSTRIAL HOOK

Ideal for racking

### PUSH-THROUGH LATCH

Allows for quick connection release

### FLUSH MOUNT LATCH

A permanent structure for hard flat surfaces

## DURASAFE® BANNER OPTIONS

### CUSTOM PRINT

Full-color banners featuring high-resolutions graphics, logos and messaging. This product offers a premium pop-top for fast tool free banner replacements.

### CUSTOM BLACK PRINT

(On Blue, Orange, Yellow, or Red Banners)

Add OSHA-compliant safety messaging on industrial-specific text in black ink on four color options.

Highly durable, opaque material is specially engineered for ZonePro® Plus. Dual-sided 12ft of horizontal coverage with a standard 35-inch height. Our sustainable banners are free of VOCs.

### STANDARD MESSAGING

(On Blue, Orange, Yellow, or Red Banners)

Pre-printed banners read "Area Temporarily Closed" in English and Spanish.

### PLAIN

Blue, Orange, Yellow, or Red Banners

Ideal for clean, color-coded zoning.
